

Managing Crises with Sourcing

What is TEMA?

- 911 of State Government – Govt. to Govt.
- Supports County Government in response
- Coordinates State and Federal commodity and external response teams in emergencies and disasters
- Manages recovery funds in Federal declared disasters
- Provides Emergency Management technical expertise

MISSION STATEMENT

To coordinate preparedness, response and recovery from man-made, natural and technological hazards in a professional and efficient manner in concert with our stakeholders.

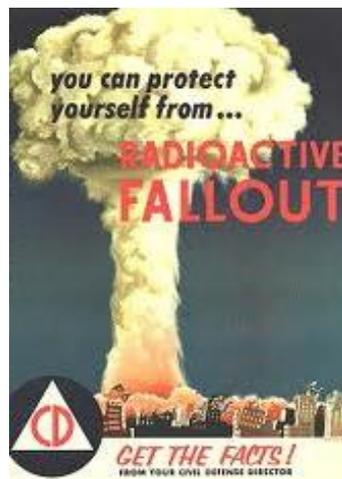

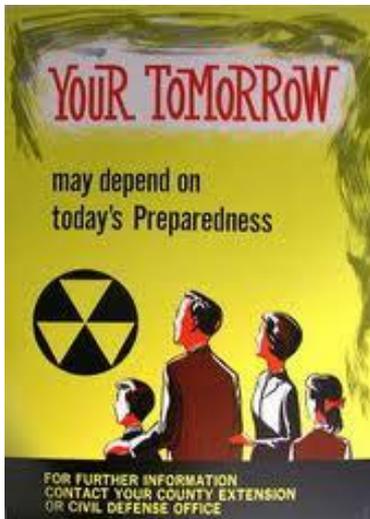

“Failure is Not An Option!”

24-7-365

TEMA's Beginning . . .

- 1951 -- Federal Gov't formed State Civil Defense organizations (Cold War)
 - Tennessee and some local governments built EOC's to bomb proof standards
 - TN State Civil Defense worked with counties to build fallout shelters to protect citizens
- 1960s--Cold War preparedness,
 - Evacuation Planning
 - Fall Out shelter
 - RADEF Training
 - EOC construction

All Hazards planning

- 1970s -- Federal Gov't moved to all hazards planning, mitigation of, preparedness for, response too, recovery from disasters.
 - Federal Emergency Management Agency formed
- Natural
- Manmade
- Technological

Disaster response plans

Intergraded, all hazards approach

National

**Response
Framework**

**Tennessee
Emergency**

**Management
Plan**

**Local
Government**

**Response
Plan**

National – State - Local Plans are based on the same concept and inter-lock for a coordinated, prevention, mitigation, preparedness, response and recovery effort.

Who is Responsible?

All emergencies start and end local
